Claims 22-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 22-25 are directed to a dispersant compound and depend from claim 21. Claim 21 is directed to an electrocoat coating composition.

Claims 16-21 and 26-28 are objected to as being dependent upon a cancelled base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
